

PHOENIX FLYERS

Wednesday, September 9, 2015

It's a new school year and we at Phoenix are so excited for the year. Teachers are already exhausted trying to keep up with the student's enthusiasm and passion to work and get closer to graduation. We can feel it in the air, this is going to be a year to remember.

We started off almost at capacity. We also have new and returning students who are ready to take control of their lives, starting with an education. Most of the staff are returning, but we do have a new counselor, Wendy Hollis, who is at Phoenix all day on Monday's. She is new to the district and works at Twelve Bridges Middle School the rest of the week. We are very excited for her to join our Phoenix family.

There are so many things going on already at Phoenix. To highlight a few: our second hiking/camping trip (first of the school year) is next week! September 15-17 Mr. Nelson, Mrs. Nelson and six students will be camping and hiking for three days. Check this site after that for photos! Our first field trip will also be next week, September 18. Mr. Alcorn and two of our Phoenix Angels Nina and Mrs. Deal will be taking a group of students to tour Sierra College. Again, check back here for photos.

We also already have two graduates. Uri Catalan finished in summer school and came back for a day to get everything signed off. Christine Leverton also finished last week. Congratulations to both of you. We are looking forward to a long list of graduates this year!

We have a lot of community service projects we are putting together, and those will also be highlighted on our webpage. Please visit often!

Yeah, Phoenix.
